Port Office Closed – Memorial Day

PORT COMMISSION REPORT

TO: PORT COMMISSION

FROM: PARKER NELSON, OPERATIONS MANAGER

SUBJECT: APPROVE PROCUREMENT OF SEWER LIFT STATIONS AND SCOPE OF WORK FOR \$40,492.00

DATE: APRIL 20, 2024

Introduction:

The Port is undertaking a project to procure two (2) new sewer lift stations. This critical infrastructure upgrade will ensure the continued efficient and reliable movement of wastewater within Marine Park.

Following a quote solicitation process, Hurley Engineering emerged as the most suitable vendor for this project. Four vendors were contacted, but three chose not to submit quotes. Two vendors declined the project due to the project's size, considering it too small. While another vendor deemed the project too big for their operations.

The Port has utilized Hurley Engineering in the past and their prior knowledge of the existing equipment will facilitate a smoother project timeline and potentially reduce unforeseen complications.

The contract scope of work will include installation and removal of old pumps and piping, and removal of old control panel.

Recommendation:

Approve procurement of two (2) sewer lift stations and scope of work from Hurley Engineering for \$40,492.00

Commission Options:

1. Approve procurement of two (2) sewer lift stations and scope of work from Hurley Engineering for \$40,492.00.
2. Do not approve.
3. Other action.

Quote Solicitation for Sewer Lift Station

Hurley Engineering	\$40,492.00	\$40,492.00
Janz Enterprises	Did Not Submit	Specializes in smaller residential sewer lift stations. Took all of our information and was informed of our tight timeline.
RomTec Utilities	Did not submit	Was willing to provide an entire re-engineering and oversight of project if selected; Would have required major roadwork and a timeline that would have fallen outside of the Sternwheeler and Ixtapa opening.
Speedy Septic	Did Not Submit	Received all of our information; Sent out a Lead Technician to estimate our project on 3-28; Reached out two weeks ago to see if they had a quote for us; The estimator who came to meet with was on vacation until 4-23-24
