House 3 exterior and interior

“House 3” Available for Rentals

The Port of Cascade Locks’ Marine Park is the home to three historic Houses, built in 1905, that were occupied by the Lock Tenders and their families in the early days of the city. House 3, located next to Thunder Island Brewing, has been lovingly restored. This classic House features old growth fir floors, a full kitchen, restrooms and a beautiful river view. The main room accommodates up to 40 people. It is a charming space to host events with a warm, cozy setting. Small weddings, bridal or baby showers, family events are perfect in this unique space. BUT that is not all – Need a quiet spot to focus away from the phones and email? Business retreats are a fantastic opportunity to vision, strategize, and build your team! In addition to the main meeting area, the House features three upstairs private breakout rooms with tech capabilities. The adjacent lush river view lawn for lunch or team-building is perfect! Rep. Piluso Visits Cascade Locks

Representative Piluso visited with Port of Cascade Locks on Monday, January 20th. She expressed many positive things about our town and region, where she finds herself often participating in recreational events, for which the gorge is widely known. Congresswoman discussed with Port president the efforts around the state and in East Multnomah county to work with homelessness through a combination social services and law enforcement. Rep. Piluso shared the 2019 Point-In-Time report that captured current statistics of the homeless population of Multnomah County. The report cited that there are currently 4,015 people who met HUD’s definition of homelessness. The Port discussed the bike/ped crossing support that is needed from legislature, the upcoming 26-mile trail system development, and many other projects. It is wonderful to have an advocate from a neighbor community, Gresham, be cognizant and watchful of the issues affecting the gorge.

New Memorial Bench in Marine Park

A new memorial bench has been installed in Marine Park in honor of Dacia (McCormick) Loeung, former Cascade Locks resident. The placement of this bend is located at the beach where Dacia and her family enjoyed much of their time. The bench now looks out over the river and will be a great place for future families to enjoy. If interested in the Port’s memorial bench program, please contact the Port at 541-374-8619.
